HELLO LOVELY

I'm Jasmin

Thank you so much for considering me to capture your wedding day—it means the world. I'm not just here to take pretty pictures (although we'll definitely get those too). My goal is to help you feel present, calm, and completely yourselves, so your photos reflect your real connection and the little in-between moments that make your love story *yours*.

My approach is relaxed, documentary-led, and emotion-filled. I blend into the day gently—offering guidance when needed but always aiming to let your story unfold naturally. No forced poses, no awkward moments. Just you two, your people, and all the joy, laughter, and happy tears that come with it.

Add Ons

Sometimes a little extra can go a long way. These add-ons are here to give you even more coverage, flexibility, and memories — without the stress.

01 —

Second Shooter - £300

A second shooter means twice the coverage — perfect for capturing both of you getting ready, different ceremony angles, and extra candid moments throughout the day. It's especially helpful for larger weddings or when your timeline is tight. I only work with trusted photographers whose style matches mine, so your final gallery stays seamless and true to you. Would recommend for weddings with 70+ guests.

02 —

Extra Hours - £200/hour

Every wedding runs on its own rhythm — some are early and breezy, others build slowly into a big, joyful night. If things run over (they often do), there's absolutely no need to panic or keep one eye on the clock.

I'll gently check in with you on the day to see if you'd like me to stay longer, and if you do, we'll simply add the extra time to your final invoice. No pressure — just flexibility when you need it.

03 —

Engagement Session - £200

A relaxed 60-minute shoot to capture this exciting chapter and help you feel comfortable in front of the camera. It's a great way to connect before the big day and get beautiful images for your save-the-dates or guestbook. Available at a discounted rate when booked with a wedding package.

The Experience

Love Notes

We had the absolute best experience with Jaz! She made us feel completely at ease while guiding us effortlessly, and the photos turned out stunning. She is professional, kind, and truly talented, delivering high-quality work every time. We couldn't have asked for a better photographer and videographer to document our love story!

Kaitlyn + Sam

We are so pleased with Jaz's work. I didn't expect to tear up when I got the pictures back from our church wedding. She noticed all the little details and captured some very wholesome moments. All while blending into the event so seamlessly.

Kaosidi + Chileab

Jaz created a stunning film that truly captured the essence of our day from the joy and laughter and tiny golden moments that breeze past that you forget about. She made us feel really comfortable and while she was present the whole day, was never in the way. Our wedding film has a lovely tenderness that makes it truly feel like watching back a memory more than a film, and it's such an important memory to relive.
